CAREER OBJECTIVE

Seeking a challenging career as a Digital Content Creator with a progressive organization where I can apply my creativity, technical expertise to develop an engaging and quality content. I aim to continually enhance my skills, gain valuable experience, and contribute to the organization's digital presence and success.

TECHNICAL SKILLS

- Front-end Web Development (HTML, CSS, JavaScript using ReactJS)
- Hardware Development (Arduino IDE).
- Programming (Python, C#, Java)
- UI and Graphic design using Figma and Canva
- Microsoft Office (MS Word, Powerpoint, Excel)
- Photo and Video Editing
- Network Troubleshooting

PRE-PROFESSIONAL EXPERIENCE

Work Immersion at Media Information System (MIS) Department in Oriental Mindoro Provincial Capitol

- Performed maintenance on PCs in multiple offices within the provincial capitol.
- Conducted cable splicing, ethernet cable layering, internet troubleshooting, and Windows installation and formatting.

On the Job Training at MVSofttech, Inc.

- Assigned as a Front-End Developer for the "Direct Internet Selling and Management System" project.
- Responsible for UI design, front-end development using ReactJS and Tailwind CSS.
